

Candyled offers a range of LED linear luminaires that make full use of its technological know-how. Suitable for indoor environments, these luminaires can be wall-mounted or suspended and provide aesthetic and uniform lighting.

The various modules fit together without tools and connected directly to the 230V mains supply at the start of the line, making it very easy for installers to create long and continuous lighting lines.

In addition to existing products, Candyled offers a range of customised luminaires to meet specific needs.

**5 Years
Warranty**

Applications

- Shops and showrooms
- Supermarkets (non-food areas)
- Offices
- Storage area
- University

Benefits

- Luminous efficacy: superior than 150 lumens/W
- Ingress Protection: IP66
- Mechanical Impact Protection: IK05
- Surge protection: 3KV
- Lifespan: 50 000 H+
- Warranty : 5years
- Easy installation

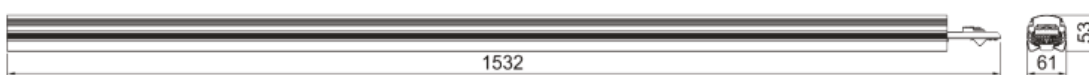

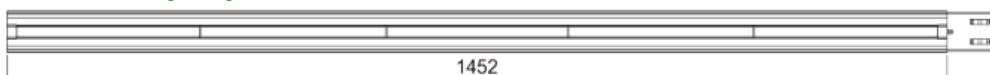

Caractéristiques

Nominal Power	100-265V AC 50Hz
LED Technology	SMD
Power	40W
Dimmability	No (optional)
Surge protection	3KV
Luminous efficiency	150Lumens/W
Luminous Flux	6 000 Lumens
Color Temperature	3 000K - 4 000K - 6 500K Warm White - Neutral White - Cold White
Color Rendering Index	>=80
Mechanical Impact Protection	IK05
Ingress Protection	IP20
Lifespan	50 000H+
Operation temperature	-10°C to +50°C

Materials

Body	Aluminium
Cover	Polycarbonate

Dimensions (mm)

Length (mm) : 1532 / Width (mm) : 61 / Height (mm) : 53
